

Childrens' move

It's a great changeover for a child when it's about to move! Our staff tries to take the children into great consideration during a removal, and therefore takes the time to explain the removal process to them. Maria Aminof has produced a childrens' book, which explains in a pedagogical way what happens with the favorite toy during a removal. If you wish to order the book which is intended for children between 2 to 7 years of age, please send an e-mail to: info@alfamoving.se or you can order the book directly from Maria Aminoff's own homepage: www.oliveremma.com Removal pottering Please, click on the links below: Find five faults
